

**VT Health Care Innovation Project**  
**Quality & Performance Measures Work Group Meeting Minutes**  
**Pending Work Group Approval**

**Date of meeting:** July 29, 2014 at ACCD - Calvin Coolidge Conference Room, 1 National Life Drive, Montpelier

Agenda Item	Discussion	Next Steps
<b>1. Welcome and Introductions; Approval of Minutes</b>	<p>Cathy Fulton called the meeting to order at 9:05 am.</p> <p>Georgia Maheras notified work group members that changes in the Open Meeting Law necessitated roll call voting when any voting members were participating by phone.</p> <p>Joyce Gallimore moved to approve the minutes, Diane Leach seconded. No discussion. The motion carried unanimously.</p>	
<b>2. Updates: ACO attribution, Clinical measures data collection, Analytics contractor, Additional SBIRT information</b>	<p>Pat Jones provided ACO attribution numbers, noting that there had been no updates since the last meeting:</p> <p>OneCare: 52,265 Medicare; 18,400 BCBS; 29,000 Medicaid – TOTAL 99,665 Attributed Lives            CHAC: 5,980 Medicare; 8,900 BCBS; 21,000 Medicaid – TOTAL 35,880 Attributed Lives            VCP/ACCGM: 7,446 Medicare; 7,200 BCBS – TOTAL 14,646 Attributed Lives</p> <p>Georgia provided an update on VHCIP support for ACO clinical measure data collection. As manual chart review will be required for Year 1 measure collection while technological advances are being made, the 3 ACOs put forth a proposal to the Core Team for financial assistance to support their existing processes. Funding totaling \$395,000 was approved for a one-time, one year investment to enable consistent, valid reporting on clinical quality measures (\$150,000 to OneCare; \$195,000 to CHAC; \$55,000 to VCP/ACCGM).</p> <p>Georgia also noted that a contract was executed with The Lewin Group, who will be serving as the Statewide Data Analytics Contractor for the ACO Shared Savings Programs. The contract will be posted</p>	

Agenda Item	Discussion	Next Steps
	<p>publicly on the GMCB and VHCIP websites, along with quarterly reports.</p> <p>Alicia Cooper informed work group members that additional follow-up information from the June SBIRT presentation was available in Attachment 2.</p>	
<p><b>3. Recommendations on Year 2 Medicaid and Commercial ACO Shared Savings Program Measures</b></p>	<p>Cathy thanked work group members for providing written comment on the proposed measure changes prior to the meeting, and informed members that copies of all comments had been provided electronically the night before. Cathy explained that the work group would first be considering measures recommended for Monitoring &amp; Evaluation, then measures recommended for Reporting, and finally measures recommended for Payment.</p> <p>Pat noted that a document listing the voting order and summarizing written comments had also been distributed prior to the meeting.</p> <p>Cathy asked the group to begin with consideration of <u>Monitoring &amp; Evaluation</u> measure recommendations.</p> <ul style="list-style-type: none"> <li>• Paul Harrington moved that all three recommended measures (Breast Cancer Screening, SBIRT, and LTSS Rebalancing) be used for Year 2 Monitoring &amp; Evaluation. Fran Keeler seconded. No discussion. The motion carried unanimously.</li> </ul> <p>Cathy asked the group to continue with consideration of <u>Reporting</u> measure recommendations.</p> <ul style="list-style-type: none"> <li>• Paul moved that Developmental Screening in the First Three Years of Life be used for Reporting in Year 2 for the <i>commercial</i> Shared Savings Program (the measure is already being used for Payment in the Medicaid Shared Savings Program. Joyce seconded. The group discussed challenges associated with using this measure due to inconsistent use of the procedure code for developmental screening, and noted that these challenges would make this particular measure unreliable as a Payment measure for the commercial program. The motion carried 10-4.</li> <li>• Diane moved that Prenatal and Postpartum Care remain a Pending measure in Year 2. Paul seconded. The group discussed concerns about measure timeframes not reflecting best care practice, along with concerns about this patient population not being represented elsewhere in the ACO SSP measure sets. The motion carried 9-5.</li> <li>• Lila Richardson moved that Influenza Immunization be used for Reporting in Year 2. Julia Shaw seconded. The group discussed concerns about the inadequacy of current data systems to capture the receipt of influenza immunizations outside of primary care settings, and the ACOs</li> </ul>	<p><b>Co-Chairs/Staff/ Consultant will follow up on the following “Parking Lot” issues”</b></p> <p><b>1. Is the Developmental Screening code (Core-8) being used for the commercial population? Follow-up with BCBSVT.</b></p> <p><b>2. Ask DVHA to share format of ED Use report.</b></p>

Agenda Item	Discussion	Next Steps
	<p>noted significant difficulty capturing information for this measure for the Medicare program. Others noted that the measure specified measurement only for individuals presenting for an appointment during flu season, and that the requirement was only to ask patients whether an influenza immunization has been administered elsewhere—not to provide record of it. The motion tied 7-7. Paul noted that a tie vote is considered a failed motion according to Robert’s Rules of Order.</p> <ul style="list-style-type: none"> <li>• Julia moved that the custom DLTSS survey questions be added for Reporting in Year 2. Fran seconded. The group discussed the process for adding questions to the PCMH CAHPS survey, and the need to address concerns of special populations. Concerns were raised about potentially small sample sizes for these measures, and about the potential for holding providers accountable for knowing about other services patients receive given current patterns of referral. The motion carried 11-3. Amy Cooper abstained.</li> <li>• Diane moved that Avoidable ED Visits remain a Monitoring &amp; Evaluation measure in Year 2. Vicki Loner seconded. The group discussed the importance of measuring ED utilization as a key indicator for ACOs, and challenges associated with using this particular measure (and associated algorithm). The ACOs expressed concern that the aggregate information captured in this measure would not be actionable for improved care coordination. The motion failed 7-8. Julia then moved that Avoidable ED Visits be used for Reporting in Year 2. Connie Colman seconded. The motion carried 9-6.</li> </ul> <p>Cathy asked the group to continue with consideration of <u>Payment</u> measure recommendations.</p> <ul style="list-style-type: none"> <li>• Diane moved that Diabetes Care: HbA1c Poor Control (&gt;9%) remain as Reporting in Year 2. Paul seconded. OneCare and VCP expressed concern about adding more measures for Payment before understanding their performance baseline. CHAC was in favor of using the measure for Payment. The group discussed the process for updating the Gate &amp; Ladder methodology if new Payment measures were to be added. The motion failed 6-9. Julia then moved that Diabetes Care: HbA1c Poor Control (&gt;9%) be used for Payment in Year 2. Fran seconded. The motion carried 10-5.</li> <li>• Heidi Klein moved that Pediatric Weight Assessment and Counseling be used for Payment in Year 2. Julia seconded. The motion carried 10-5.</li> <li>• Julia moved that Ambulatory Care Sensitive Condition Admissions (composite) be used for Payment in Year 2. Lila seconded. The group discussed CMS’ request that more outcome measures be used for Payment in the Medicaid Shared Savings Program. Alicia noted that CMS is planning to release national Medicaid benchmarks for this measure in the coming months. Concern was expressed about using the measure for Payment before understanding current performance. The motion carried 10-5.</li> </ul>	

Agenda Item	Discussion	Next Steps
	<p>Cathy asked if any members wished to discuss any of the measures that had NOT been recommended by Co-Chairs/Staff/Consultant for promotion or addition.</p> <ul style="list-style-type: none"> <li>• Heidi moved that Screening for High Blood Pressure and Follow-Up Plan Documented be used as Reporting in Year 2. Julia seconded. The group discussed the challenges associated with blood pressure screening and control measures due to changing national clinical guidelines. It was also noted that documentation of the follow-up plan was challenging at present. The motion failed 2-11.</li> </ul> <p>Cathy thanked work group members for their efforts in the measure recommendation process.</p>	
<p><b>4. Next Steps, Wrap up and Future Meeting Schedule</b></p>	<p><b>Next meeting:</b> Tuesday, August 25, 2014, 10 am-12 pm, 4th Floor Conf. Room, Pavilion Building, Montpelier.</p>
