

Living in Middle Class

Directions:

In the circle below, write or draw how a person in middle class may spend his or her time in a typical day. Then, think of a “pocket middle class” in your community and list the businesses present in that part of your city or town.

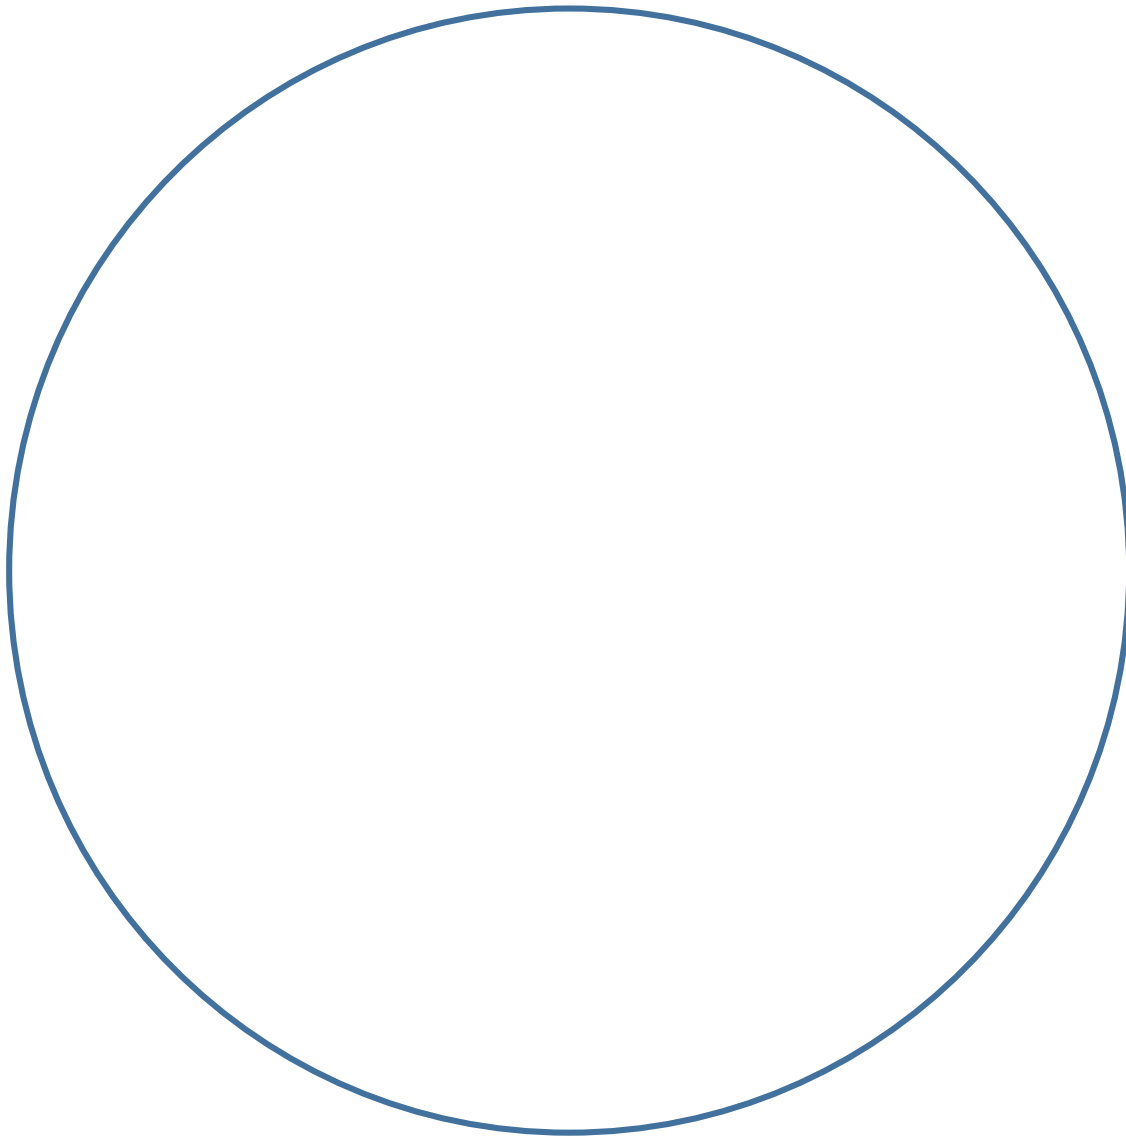

Businesses

List businesses you may see in a middle class neighborhood.

Living in Poverty

Directions:

Think of a person you know who has lived in poverty for two or more generations. In the circle below, write or draw what the person worries about and how he or she usually spends time. Then, think of a “pocket of poverty” in your community and list the businesses present in that part of your city or town.
