
1. OVERVIEW and BACKGROUND

The Department of Vermont Health Access (DVHA), also referred to as the State, is seeking qualified bidders to develop curriculum and conduct trainings for front-line care managers/care coordinators, as part of the State's Integrated Communities Care Management Learning Collaborative (the "Learning Collaborative").

The goals of the Learning Collaborative are to improve regional integration of health and social service organizations in order to optimize care management activities for at-risk people and to provide learning opportunities for best practice care management in Vermont. Key priorities of the Learning Collaborative are:

- To serve all Vermonters better, especially those with complex physical and/or mental health needs
- To reduce fragmentation of care
- To address the social determinants of health, such as lack of housing, food insecurity, and loss of income

The curriculum and training for the educational learning sessions will comprise both general and disability-specific core competencies. Organizations employing staff for whom the training is intended include, but may not be limited to:

- State of Vermont
- Disability and long-term support services agencies
- Insurance payers
- Home health agencies
- Area agencies on aging (AAAs)
- Designated agencies for mental health and substance abuse treatment
- Designated regional housing organizations
- Health care organizations (hospitals, FQHCs, independent practices, etc.)
- Others

The Vermont Health Care Innovation Project (VHCIP) is a public/private partnership that aims to design and implement health care provider payment, health information technology, and integrated care models to support more effective and efficient care delivery. VHCIP is funded by a \$45 million federal grant awarded by the Centers for Medicaid and Medicare Innovation (CMMI). VHCIP provides an opportunity for coordinating policy and resources to develop a high performing health care system in Vermont and to achieve the shared public/private goals articulated in the State's State Health Care Innovation Plan.

3. SCOPE OF WORK AND CONTRACTOR RESPONSIBILITIES

The goal of the Integrated Communities Care Management Learning Collaborative is to improve integration of care management activities for at-risk people and to provide learning opportunities for best practice care management. This RFP is particularly focused on the latter. The intent is to develop and implement core competency training for multi-disciplinary, front-line care management practitioners (e.g., nurses, social workers, care coordinators, case managers, others). Bidders can propose different levels of training for

different care management practitioners if they believe it will add to the strength of their proposal.

In an effort to improve quality of care and health outcomes for at-risk individuals, front-line care management practitioners will receive skills training in general core competencies and disability-specific core competencies. The Contractor will develop a curriculum for these trainings as well as conduct the trainings. Bidders can address all or selected components of the curriculum, the training, or the entire program in their response to this RFP. Regardless of how comprehensive the bid is and the number of contractors, the curriculum and training need to be integrated, and the bid should address how that integration will occur. For example, if the Contractor developing the general content is different from the Contractor developing the disability-specific content, the Contractors will need to coordinate their efforts to ensure that the two domains are integrated. Collaboration among multiple organizations to submit a single bid is acceptable.

The Contractor will need to work with the State to ensure that trainings and training materials are accessible and accommodations are offered. Access to materials will be required in a variety of formats (in-person, on-line, other modalities). A focus on sustainability and building capacity for ongoing trainings is required. One example of a model that supports sustainability is a “train-the-trainer” model. Another example is the development of a “clearinghouse” where providers could easily access modules in a sustainable on-line environment that meets specific requirements related to file size and format.

The following illustrative list of core competencies should be used in developing a person-centered and integrated curriculum and training intended to improve quality of care and health outcomes. This list emphasizes core competencies for care management practices, especially for at-risk individuals and those with DLTSS (Disability and Long Term Services and Supports) needs. This list is not intended to be comprehensive and bidders are encouraged to suggest both additions to and innovative variations of the content contained within.

Category 1: Basic skills in care management/care coordination

- Integrated care management and principles of team-based care (including collaboration among multiple providers and the person receiving care)
- Interpersonal communication
- Professional boundaries
- Bias, culture and values in health care (cultural and disability competency)
- Health disparities and social determinants of health
- Identifying and serving as a lead care coordinator
- Motivational interviewing
- Principles of person-centeredness
- Development and implementation of a person-directed shared care plan

-
- Needs assessment
 - Using data to identify people needing services
 - Accessing/connecting with health, wellness, lifestyle and community resources
 - Care transitions
 - Health coaching
 - Conducting home visits
 - Supporting caregivers

Category 2: Disability Awareness

Five “Disability Awareness Briefs” have been developed to provide foundational information on which to develop the disability-specific elements of the curriculum. These Briefs can be found on the VHCIP website: <http://healthcareinnovation.vermont.gov/node/863> and include the following topics:

1. Disability Competency for Providers
2. Disability Competency for Care Management Practitioners
3. Cultural Competency
4. Accessibility
5. Universal Design

Category 3: Specific Topics of Interest

- Impact of adverse childhood events, mental illness, and addiction disorders on health status
- Trauma-informed care, crisis management and suicide prevention
- Palliative care and end of life care

The Contractor will work collaboratively with the State in developing the curriculum and trainings and should anticipate and propose regular planning meetings with the State and progress reporting during the design of the curriculum and the implementation of trainings. The State will have the ability to customize the content of the curriculum. Bids should include the rationale, objectives, methodology, and content of the curriculum, as well as a plan for implementation of the trainings.

3.1. Payment Provisions

- Total contracts resulting from this RFP shall not exceed the total project budget. Bids in excess of the total budgeted amount shall not be considered by the State. Additionally, this RFP assumes that work may be performed by multiple contractors with combined bid amounts adding up to the total available budget. As a result, the State recommends that vendors bid as competitively as possible for consideration as part of this project.
- The total project budget includes all payments that will be made to the contractor/s to meet the provisions of the contract (personnel costs, benefits, travel expenses, supplies, information technology hardware and software, etc.)

4. PROPOSALS

4.1. GENERAL CONDITIONS & REQUIREMENTS

Cost of proposal development is the sole responsibility of the bidder.

All bid proposals and submitted in connection to this RFP may be subject to disclosure under the State's access to public records law. The successful bidder's response will become part of the official contract file. Once the contract is finalized, material associated with its negotiation is a matter of public record except for those materials that are specifically exempted under the law. One such exemption is material that constitutes trade secret, proprietary, or confidential information. If the response includes material that is considered by the bidder to be proprietary and confidential under 1 V.S.A., Ch. 5 Sec. 317, the bidder shall clearly designate the material as such prior to bid submission. The bidder must identify each page or section of the response that it believes is proprietary and confidential and provide a written explanation relating to each marked portion to justify the denial of a public record request should the State receive such a request. The letter must address the proprietary or confidential nature of each marked section, provide the legal authority relied on, and explain the harm that would occur should the material be disclosed. Under no circumstances can the entire response or price information be marked confidential. Responses so marked may not be considered and will be returned to the bidder.

- All proposals shall become the property of the State.
- All public records of DVHA may be disclosed, except that submitted bid documents shall not be released until the Contractor and DVHA have executed the contract. At that time, the unsuccessful bidders may request a copy of their own score sheets as well as request to view the apparently successful bidder's proposal at DVHA Central Office. The name of any Vendor submitting a response shall also be a matter of public record. Other persons or organizations may also make a request at that time or at a later date.
- Consistent with state law, DVHA will not disclose submitted bid documents or RFP records until execution of the contract(s). At that time, upon receipt of a public records request, information about the competitive procurement may be subject to disclosure. DVHA will review the submitted bids and related materials and consider whether those portions specifically marked by a bidder as falling within one of the exceptions of 1 V.S.A., Ch. 5 Sec. 317 are legally exempt. If in DVHA's judgment pages or sections marked as proprietary or confidential are not proprietary or confidential, DVHA will contact the bidder to provide the bidder with an opportunity to prevent the disclosure of those marked portions of its bid.

All bid submissions must contain one original and seven complete and identical copies of the proposal in addition to an electronic submission via a CD and one (1) redacted hard copy of the proposal.

All bids must be marked “SEALED BID” and clearly note the RFP the bidder is responding to. Bids must be addressed to the following respective single point of contact:

Jessica Mendizabal
Contract and Grant Administrator
Department of Vermont Health Access
312 Hurricane Lane, Suite 201
Williston, VT 05495-2806
E-mail: jessica.mendizabal@vermont.gov

Bid envelopes must be clearly marked with ‘SEALED BID – Curriculum and Training for Care Managers’ and include the name of the bidder. Hard copy and electronic copy bid proposals must be received according to the schedule listed in Section 1.4: Procurement Timetable. Hand carried bids must be delivered to a representative of DVHA on or before the due date/time and stamped by a representative with date/time received. Bids not in possession of DVHA’s sole point of contact identified in Section 1.3 by the due date and time will not be considered and will be returned to the bidder unopened.

Faxed bids will NOT be accepted. Emailed bids will NOT be accepted.

DVHA may, at any time and at its sole discretion and without penalty, reject any and all proposals in any ‘catchment’ area and issue no contract in that area as a result of this RFP. Furthermore, a proposal may be rejected for one or more of the following reasons or for any other reason deemed to be in the best interest of the State:

- The failure of the bidder to adhere to one or more provisions established in this RFP.
- The failure of the bidder to submit required information in the format specified in this RFP.
- The failure of the bidder to adhere to generally accepted ethical and professional principles during the RFP process. If a proposal is selected for final consideration, the bidder will be invited to negotiate a Contract.

If a proposal is selected for final consideration, the bidder will be invited to negotiate a contract.

The State reserves the right to amend the RFP at any time prior to the proposal due date by issuing written addenda. Amendments, addenda, Questions and Answers and any relevant information will be posted at <http://dvha.vermont.gov/administration/2013-requests-for->

[proposals](#) and <http://vermontbusinessregistry.com/>; it is the bidders' responsibility to check periodically for such information.

Business Associate may not use or disclose PHI other than as permitted or required by this Agreement or as Required by Law.

3.2 Business Associate may make PHI available to its employees who need access to perform Services provided that Business Associate makes such employees aware of the use and disclosure restrictions in this Agreement and binds them to comply with such restrictions. Business Associate may disclose PHI received in its capacity as Business Associate to Covered Entity for Business Associate’s proper management and administration or to carry out its legal responsibilities if a disclosure is

Required by Law or if Business Associate obtains reasonable written assurances via a written agreement from the person to whom the information is to be disclosed that the PHI shall remain confidential and be used or further disclosed only as Required by Law or for the purpose for which it was disclosed to the person, and the Agreement requires the person or entity to notify Business Associate, within two (2) business days (who in turn will notify Covered Entity within two (2) business days after receiving notice of a Breach as specified in Section 6.1), in writing of any Breach of Unsecured PHI of which it is aware. Uses and disclosures of PHI for the purposes identified in Section 3 must be of the minimum amount of PHI necessary to accomplish such purposes.

5. Safeguards. Business Associate, its Agent(s) and Subcontractor(s) shall implement and use appropriate safeguards to prevent the use or disclosure of PHI other than as provided for by this Agreement. 6.1 Business Associate shall report to Covered Entity any Breach of Unsecured PHI, including Breaches reported to it by a Subcontractor, as soon as it (or any of its employees or agents) becomes aware of any such Breach, and in no case later than two (2) business days after it (or any of its employees or agents) becomes aware of the Breach, except when a law enforcement official determines that a notification would impede a criminal investigation or cause damage to national security.

6.2 Business Associate shall provide Covered Entity with the names of the individuals whose Unsecured PHI has been, or is reasonably believed to have been, the subject of the Breach and any other available information that is required to be given to the affected individuals, as set forth in 45 CFR § 164.404(c), and, if requested by Covered Entity, information necessary for Covered Entity to investigate the impermissible use or disclosure. Business Associate shall continue to provide to Covered Entity information concerning the Breach as it becomes available to it. Business Associate shall require its Subcontractor(s) to agree to these same terms and conditions.

6.3 When Business Associate determines that an impermissible acquisition, use or disclosure of PHI by a member of its workforce is not a Breach, as that term is defined in 45 CFR § 164.402, and therefore does not necessitate notice to the impacted individual(s), it shall document its assessment of risk, conducted as set forth in 45 CFR § 402(2). When requested by Covered Entity, Business Associate shall make its risk assessments available to Covered Entity. It shall also provide Covered Entity with 1) the name of the person(s) making the assessment, 2) a brief summary of the facts, and 3) a

brief statement of the reasons supporting the determination of low probability that the PHI had been compromised. When a breach is the responsibility of a member of its Subcontractor's workforce, Business Associate shall either 1) conduct its own risk assessment and draft a summary of the event and assessment or 2) require its Subcontractor to conduct the assessment and draft a summary of the event. In either case, Business Associate shall make these assessments and reports available to Covered Entity.

6.4 Business Associate shall require, by contract, a Subcontractor to report to Business Associate and Covered Entity any Breach of which the Subcontractor becomes aware, no later than two (2) business days after becomes aware of the Breach.

Business Associate shall draft and carry out a plan of corrective action to address any incident of impermissible use or disclosure of PHI. If requested by Covered Entity, Business Associate shall make its mitigation and corrective action plans available to Covered Entity. Business Associate shall require a Subcontractor to agree to these same terms and conditions.

8. Providing Notice of Breaches.

8.1 If Covered Entity determines that an impermissible acquisition, access, use or disclosure of PHI for which one of Business Associate's employees or agents was responsible constitutes a Breach as defined in 45 CFR § 164.402, and if requested by Covered Entity, Business Associate shall provide notice to the individual(s) whose PHI has been the subject of the Breach. When requested to provide notice, Business Associate shall consult with Covered Entity about the timeliness, content and method of notice, and shall receive Covered Entity's approval concerning these elements. The cost of notice and related remedies shall be borne by Business Associate.

8.2 If Covered Entity or Business Associate determines that an impermissible acquisition, access, use or disclosure of PHI by a Subcontractor of Business Associate constitutes a Breach as defined in 45 CFR § 164.402, and if requested by Covered Entity or Business Associate, Subcontractor shall provide notice to the individual(s) whose PHI has been the subject of the Breach. When Covered Entity requests that Business Associate or its Subcontractor provide notice, Business Associate shall either 1) consult with Covered Entity about the specifics of the notice as set forth in section 8.1, above, or 2) require, by contract, its Subcontractor to consult with Covered Entity about the specifics of the notice as set forth in section 8.1

8.3 The notice to affected individuals shall be provided as soon as reasonably possible and in no case later than 60 calendar days after Business Associate reported the Breach to Covered Entity.

8.4 The notice to affected individuals shall be written in plain language and shall include, to the extent possible, 1) a brief description of what happened, 2) a description of the types of Unsecured PHI that were involved in the Breach, 3) any steps individuals can take to protect themselves from potential harm resulting from the Breach, 4) a brief description of what the Business Associate is doing to investigate the Breach, to mitigate harm to individuals and to protect against further Breaches, and 5) contact procedures for individuals to ask questions or obtain additional information, as set forth in 45 CFR § 164.404(c).

8.5 Business Associate shall notify individuals of Breaches as specified in 45 CFR § 164.404(d) (methods of individual notice). In addition, when a Breach involves more than 500 residents of Vermont, Business Associate shall, if requested by Covered Entity, notify prominent media outlets serving Vermont, following the requirements set forth in 45 CFR § 164.406.

9. Agreements with Subcontractors. Business Associate shall enter into a Business Associate Agreement with any Subcontractor to whom it provides PHI received from Covered Entity or created or received by Business Associate on behalf of Covered Entity in which the Subcontractor agrees to the same restrictions and conditions that apply through this Agreement to Business Associate with respect to such PHI. Business Associate must enter into this Business Associate Agreement before any use by or disclosure of PHI to such agent. The written agreement must identify Covered Entity as a direct and intended third party beneficiary with the right to enforce any breach of the agreement concerning the use or disclosure of PHI. Business Associate shall provide a copy of the Business Associate Agreement it enters into with a subcontractor to Covered Entity upon request. Business associate may not make any disclosure of PHI to any Subcontractor without prior written consent of Covered Entity.

Business Associate shall make such amendments in the time and manner reasonably designated by Covered Entity. Within three (3) business days, Business Associate shall forward to Covered Entity for handling any request for amendment to PHI that Business Associate directly receives from an Individual.

a request by an Individual for an accounting of disclosures of PHI in accordance with 45 CFR § 164.528. Business Associate shall provide such information to Covered Entity or as directed by Covered Entity to an Individual, to permit Covered Entity to respond to an accounting request. Business Associate shall provide such information in the time and manner reasonably designated by Covered Entity. Within three (3) business days, Business Associate shall forward to Covered Entity for handling any accounting request that Business Associate directly receives from an Individual.

13. Books and Records. Subject to the attorney-client and other applicable legal privileges, Business Associate shall make its internal practices, books, and records (including policies and procedures and PHI) relating to the use and disclosure of PHI received from Covered Entity or created or received by Business Associate on behalf of Covered Entity available to the Secretary in the time and manner designated by the Secretary. Business Associate shall make the same information available to Covered Entity, upon Covered Entity's request, in the time and manner reasonably designated by Covered Entity so that Covered Entity may determine whether Business Associate is in compliance with this Agreement.

14.2 If Business Associate breaches any material term of this Agreement, Covered Entity may either: (a) provide an opportunity for Business Associate to cure the breach and Covered Entity may terminate the contract or grant without liability or penalty if Business Associate does not cure the breach within the time specified by Covered Entity; or (b) immediately terminate the contract or grant without liability or penalty if Covered Entity believes that cure is not reasonably possible; or (c) if neither termination nor cure are feasible, Covered Entity shall report the breach to the Secretary. Covered Entity has the right to seek to cure any breach by Business Associate and this right, regardless of whether Covered Entity cures such breach, does not lessen any right or remedy available to Covered Entity at law, in equity, or under the contract or grant, nor does it lessen Business Associate's responsibility for such breach or its duty to cure such breach.

15. Return/Destruction of PHI.

15.1 Business Associate in connection with the expiration or termination of the contract or grant shall return or destroy, at the discretion of the Covered Entity, all PHI received from Covered Entity or created or received by Business Associate on behalf of Covered Entity pursuant to this contract or grant that Business Associate still maintains in any form or medium (including electronic) within thirty (30) days after such expiration or termination. Business Associate shall not retain any copies of the PHI. Business

Associate shall certify in writing for Covered Entity (1) when all PHI has been returned or destroyed and (2) that Business Associate does not continue to maintain any PHI. Business Associate is to provide this certification during this thirty (30) day period.

15.2 Business Associate shall provide to Covered Entity notification of any conditions that Business Associate believes make the return or destruction of PHI infeasible. If Covered Entity agrees that return or destruction is infeasible, Business Associate shall extend the protections of this Agreement to such PHI and limit further uses and disclosures of such PHI to those purposes that make the return or destruction infeasible for so long as Business Associate maintains such PHI. This shall also apply to all Agents and Subcontractors of Business Associate.

16. Penalties and Training. Business Associate understands that: (a) there may be civil or criminal penalties for misuse or misappropriation of PHI and (b) violations of this Agreement may result in notification by Covered Entity to law enforcement officials and regulatory, accreditation, and licensure organizations. If requested by Covered Entity, Business Associate shall participate in training regarding the use, confidentiality, and security of PHI.

Business Associate shall identify in writing upon request from Covered Entity all of the safeguards that it uses to protect such Electronic PHI.

17.2 Business Associate shall ensure that any Agent and Subcontractor to whom it provides Electronic PHI agrees in a written agreement to implement and use administrative, physical, and technical safeguards that reasonably and appropriately protect the Confidentiality, Integrity and Availability of the Electronic PHI. Business Associate must enter into this written agreement before any use or disclosure of Electronic PHI by such Agent or Subcontractor. The written agreement must identify Covered Entity as a direct and intended third party beneficiary with the right to enforce any breach of the agreement concerning the use or disclosure of Electronic PHI. Business Associate shall provide a copy of the written agreement to Covered Entity upon request. Business Associate may not make any disclosure of Electronic PHI to any Agent or Subcontractor without the prior written consent of Covered Entity.

18.2 Business Associate shall cooperate with Covered Entity to amend this Agreement from time to time as is necessary for Covered Entity to comply with the Privacy Rule, the Security Rule, or any other standards promulgated under HIPAA.

18.3 Any ambiguity in this Agreement shall be resolved to permit Covered Entity to comply with the Privacy Rule, Security Rule, or any other standards promulgated under HIPAA.

18.4 In addition to applicable Vermont law, the parties shall rely on applicable federal law (e.g., HIPAA, the Privacy Rule and Security Rule, and the HIPAA omnibus final rule) in construing the meaning and effect of this Agreement.

18.5 As between Business Associate and Covered Entity, Covered Entity owns all PHI provided by Covered Entity to Business Associate or created or received by Business Associate on behalf of Covered Entity.

18.6 Business Associate shall abide by the terms and conditions of this Agreement with respect to all PHI it receives from Covered Entity or creates or receives on behalf of Covered Entity even if some of that information relates to specific services for which Business Associate may not be a “Business Associate” of Covered Entity under the Privacy Rule.

18.7 Business Associate is prohibited from directly or indirectly receiving any remuneration in exchange for an individual’s PHI. Business Associate will refrain from marketing activities that would violate HIPAA, including specifically Section 13406 of the HITECH Act. Reports or data containing the PHI may not be sold without Agency’s or the affected individual’s written consent.

18.8 The provisions of this Agreement that by their terms encompass continuing rights or responsibilities shall survive the expiration or termination of this Agreement. For example: (a) the provisions of this Agreement shall continue to apply if Covered Entity

determines that it would be infeasible for Business Associate to return or destroy PHI as provided in Section 14.2 and (b) the obligation of Business Associate to provide an accounting of disclosures as set forth in Section 11 survives the expiration or termination of this Agreement with respect to accounting requests, if any, made after such expiration or termination.
